MINUTES OF CHICKASAW COUNTY BAPTIST ASSOCIATION

The Chickasaw County Baptist Association met with the Friendship Baptist church in its second annual session September 15th, 1921.

The Association was called to order by J. S. Price, Moderator. Devotional services were conducted by Dr. P. I. Lipsy, of Jackson. Music was furnished by the Church with H. H. Huddleston as leader. The body then went into permanent organization which resulted as follows: J. S. Price, of Okolona, Moderator; W. J. Stacy, of Houlka, Clerk; and D. E. Davis, of Houston, Treasurer.

The following Devotional Committee was appointed:—Rev. J. T. Sargent, pastor of Friendship church, and Deacons.

On motion Dr. P. I. Lipsy, editor of the Baptist Record, was recognized, also Miss Traylor, W. M. U. worker, and brethren J. T. Sargent and A. J. Roane, of the Calhoun Association.

Petitionary letters were called for, there were none.

After music by the Choir, Rev. S. P. Andrews who was designated to preach the Introductory Sermon not being present, a report of the devotional committee was called for, and reported that in the absence of Bro. Andrews, Dr. P. I. Lipsy would preach the Introductory Sermon, and he did so at eleven o'clock A. M.

After the announcements, a song was furnished by the Choir and the body adjourned for the noon hour.

AFTERNOON SESSION

The body was called together at 1:30 by song and devotional services, after which the following reports were called for—(1) State Missions, (2) Home Missions, (3) Foreign Missions, (4) Associational Missions. A resolution regarding the work of the County Missionary was referred to the Executive Committee for further consideration. By motion Dr. P. I. Lipsy was

asked to use the time remaining of the afternoon, which he did speaking on missions and the 75-Million campaign, after which the body adjourned to meet back at 7:00 o'clock.

State Missions

In obeying Christ's command to "Go into all the world" it is imperative that we build a good strong foundation at home.

Our State Mission work this year was laid out on a basis of \$129,000, though this amount was somewhat exceeded in appropriations.

The divisions of the work are as follows:

I. Church extension.

We are assisting 154 churches to pay their pastors, and in building 31 houses of worship, some of which were blown away by cyclones or burned by fire. Appropriations for church buildings, \$19,857.74; for pastoral support, \$36,667.

II Enlistment and Associational Missions.

We have in the field this year 6 general enlistment men; 1 in each of the 6 districts. We have elected 21 missionaries; however, at present there are only 15. Appropriations for these purposes, \$50,000.

III. Preacher Schools.

There were 26 of these schools held in the counties. In addition to this the Board paid the railroad fare and expenses of 23 one-fourth time preachers for 24 days in the Baptist Bible Institute at New Orleans.

IV. Evangelistic Campaign.

The Results of the evangelistic campaign this year have been exceedingly gratifying. We believe that this was partly due to the School of Evangelism which was held at Mississippi College for a period of 4 days. There were 175 preachers enrolled in this school.

Of the 1600 churches in Mississippi, we have listed for evangelic campaigns 1237. It should be remembered also that many of the town and city churches held their meetings before the enrollment cards were sent out. Over 7000 professions of faith and almost as many baptisms have been reported to date.

V. Sunday School and B. Y. P. U. Work.

\$13,600 were set aside for this work. The S. S. Board furnished \$3,600 of this amount. \$750 of this was used for special B. Y. P. U. work during the summer.

From July 1, 1920, to July 1, 1921, there were 1178 diplomas, 250 red seals, 146 blue seals, 21 post graduate diplomas, 10 gold seals. Total diplomas in Mississippi to date, 6579. Total award, 590.

In B. Y. P. U. work we have had 6 district conventions. Attendance for the 6, 1000. Permanent organizations were formed in each district. Last year 250 Unions were reported in the state. Now there are 450. More than 1000 awards have been given this year. There are 35 A-1 unions in the state.

VI. W. M. U. Work.

There are 706 Missionary Societies and 433 Auxiliaries. Of these there are 99 new W. M. S's. and 178 Auxiliaries.

955 W. M. S Mission Study Certificates and 444 Auxiliary Mission Study Certificates were awarded.

The gifts of the W. M. U. (exclusive of the \$75,000,000 Campaign gifts) total \$57,948.57.

VII. Publications.

The circulation of the Baptist Record at present is between twelve and thirteen thousand. A campaign is on to raise it to 20,000. In addition to the Baptist Record and Book Store, we have distributed many thousands of tracts along all lines of our work. Also the circulating library is reaching many.

VIII. Seventy-Five Million Campaign.

Receipts from Campaign from Aug. 1, 1920, to Aug. 1, 1921, were \$485,388.41, distributed as follows: Foreign Mission, \$123,774.04; Home Mission, \$77,662.15; State Mission, \$92,223.80; General Objects, \$8,736.99; Christian Education, \$116,493.22; Ministerial Relief, \$6,795.44, Orphanage, \$14,561.65; Hospitals, \$25,725.59, South-wide Objects, \$19,415.53. The above amounts include \$4,371.52 which was a discount on Liberty bonds and is not a part of the expense.

We find the whole campaign expense, including office force

and editor's salary, is right at 5 per cent. This could be greatly reduced if all the churches paid promptly.

Recommendations

1. That we make a vigorous campaign to collect all outstanding pledges.
2. That all churches put forth their best effort to enlist every member to subscribe for and read the Baptist Record.
3. That all our churches try to become self-supporting, so that the weak may be helped.
4. That the executive of no association approve any appeal for help until an every-member canvas has been made.
5. That each association accept its quota of tithers, consisting of one-sixth of its membership, and that churches do their utmost to enlist that number at least during the tithing campaign in November. Our righteousness should exceed the righteousness of the Scribes and Pharisees.

Respectfully submitted,

Chas. Nelson, E. Usher, J. F. Thompson.

Home Missions

The Home Mission Board is the only great inter-state missionary organization of Southern Baptists. Its work is largely cooperative in connection with various State Mission agencies. It thus forms a bond of union and has probably been the greatest force among Southern Baptists for the unification of our denomination.

Through this agency Southern Baptists in the largest way make it possible for the strong to help the weak. The principle work of the Board is, therefore, in the weaker states of the Mississippi valley and the Western states of our territory. Yet the changes in our industrial and business life, and in the cities and country-side of the older states are so great that increasing attention must be given to the needs in the older sections.

The problem in the cities of the South is growing acute in many places like Birmingham, St. Louis, New Orleans and Memphis. The Home Mission Board is helping to solve this problem and to meet the demands as rapidly as funds will justify.

Evangelistic campaigns by the Evangelistic Department of the Home Mission Board are proving to be a mighty factor in the evangelization of the cities.

An opposite problem is presented in the changing conditions in country life, where we must go with greater forces of men and money. In the country lies the greatest numerical strength of Baptists and yet there is found our greatest weakness in point of efficiency.

Through the missionary and enlistment forces of the Home Mission Board much is being done to conserve our vast host of country Baptists and to enlist them in our denominational work.

The Board has just closed the most remarkable year of its history, both in the amount of funds received and in the results accomplished, as was shown in the Board's report to the Southern Baptist Convention in Chattanooga in May.

At an annual meeting of the Board in June 1920, the work was laid out on a basis of 100 per cent greater than that of any previous year. The calls were so numerous and compelling, fields so white unto harvest, and the spirit of the brotherhood so optimistic in view of our great success in the 75-Million Campaign, that the Board, by the urgent advice of the various State Mission Secretaries, was emboldened to project its work on a new and vastly enlarged scale.

At that time cotton was forty cents a pound. The prices dropped so suddenly and drastically that during half the year cotton was only about ten cents. This brought a serious financial situation with the Board. Heavy obligations had been assumed which could not be cast off. The Board retrenched where it was possible, but in spite of this had to report a debt of \$727,622. Consequently for the new year they have had to retrench very materially in order to take care of the indebtedness as well as the current expense.

The Board needs immediate help in order to maintain its credit at the banks, to meet current expense, and lessen the burdensome debt.

Let us conclude this report with a brief statement of results of the year's work which is truly inspiring:

In the Evangelistic Department there were 15,567 baptisms; 22,689 additions to the churches. Since the Department of Evangelism was organized in 1907 there have been baptized 124,103 converts, with a total of additions to the churches of 169,102 members; and 17,611 volunteers for the ministry and mission work. A great record, indeed.

Among the Foreigners, Indians and Negroes there were 2,157 baptisms and 3,208 additions to the churches; in Cuba and Panama 178 additions to the churches, the contributions of the native churches \$11,849.

In Cooperative Missions there were 25,532 baptisms, additions 50,307. We had eighty Enlistment workers who rendered 5,336 weeks of service; in our Sanatorium for the sufferers of the great White Plague there are 298 patients treated and we have property worth \$400,000; in the work among the Soldiers and Seamen there were 3,331 professions of faith and at our Seamen's Institute Jacksonville, Florida, the boys from the seas wrote home 6,049 letters; in thirty-seven Mountain Schools 6,183 conversions and we have property valued at \$1,688,000; in Church Extension the Board aided 824 churches with loans or gifts and there were 1,084 others asking aid which could not be helped, in the Publicity Department the Board distributed 5,641,000 tracts and sent forth thousands of copies of various books.

The above sets forth briefly some of the inspiring accomplishments of our Home Mission Board and attests the efficiency of this great agency in helping to make the South Christian and Baptist and through it to bring the same blessing to the whole world.

We recommend that earnest prayer be offered constantly for our great Home Mission work and that the churches immediately come to the help of the Board with contributions in order that the glorious work may be carried forward and the Board relieved from its burdensome debt.

Respectfully submitted,

W. A. Sullivan, J. A. Martin, H. E. Penick.

Foreign Missions

Our foreign mission fields today lie in China, Japan, Africa, South America, Italy and Mexico; and new fields in Europe are being opened up as rapidly as possible.

The uplifting effects of the 75-Million Campaign have been keenly felt in our work in foreign lands. Our great advance here at home has inspired the native churches to efforts like unto our own. Every field is pressing its great campaign with fine success. The per capita gifts of our foreign field last year amounted to a little more than five dollars per member.

The number of baptisms on the foreign fields this past year was 6,998. We now have 611 churches of which 187, or nearly one-third, are self-supporting. 347 of these own their own houses of worship. 405 foreign missionaries are now under appointment. 72 were sent out during the past year and 52 have just sailed this past August.

978 native workers are employed. These workers are never received by the Board until they are thoroughly tested.

We have 21 foreign mission physicians and 8 foreign mission nurses. These last year treated 154,070 cases. This is a remarkable record in view of the fact that several of these doctors are new on the field and several of the older physicians were on furlough during most of the year.

Our 632 schools are crowned with 22,866 students. Of these 284 are theological students. This represents an increase over last year of 68 schools and 4,352 students. These schools throb with life and possibilities. The graduating class in one young woman's school in China consisted of twelve members, and seven of them were called by the Lord into mission service. Have we a school in America with so great a percentage of missionaries in one class?

The receipts of the Foreign Mission Board for the year ending May 1, 1921 were \$2,432,423.84.

At the meeting of the Foreign Mission Board held June 8-9, 1921, our last 52 missionaries were appointed for work abroad. But underneath the joy ran an undercurrent of sorrow due to the fact that the number set apart was very far below the

number urgently needed this year. Two years of the 75-Million Campaign have past. The Board has been able to send out only about half the number it had estimated it should send out during that time. This fact should cause great searching of heart on the part of our people. Where are the reapers? We must give ourselves earnestly to prayer for the desperately needed workers. Of course we must meet fully our pledges in money. We must do at least that much. But over and above our money we must give our sons and our daughters to bear the message of love and salvation to the lost of the earth. Give both the money and the messengers. "How shall they hear without a preacher and how shall they preach unless they be sent."

Recommendations: Your committee recommends first that this Association pledge itself with such fervor to our 75-Million Campaign that we shall meet our obligations to our Lord's Cause in the foreign field. 2nd—This Association shall pledge itself to earnestly pray that God may call from within our bounds some workers for His vineyard this coming year.

3rd—That we further pledge ourselves to make an earnest study of the work on our foreign fields until a thorough knowledge of needs will bring a full realization into our hearts and lives of the meaning of the Great Commission.

Respectfully submitted,

S. P. Andrews, D. W. Hodges, W. J. Stacy.

Associational Missions

To the Chickasaw County Association:

Brethren:

The following is a partial report of the work of your Missionary for the year beginning January the first up to September the first.

Number of churchers visited, 94. Number of miles traveled, 2,274. Number of services held, 156. Number of sermons delivered, 156. Number received for baptism, 73. Number received by letter, 21. A number of Sunday Schools, W. M. U's, etc. have been organized. Two preachers and a number of deacons ordained. A number of religious books sold and sub-

scriptions to the Baptist Record taken, and a large number of tracts distributed. And in addition to this your Missionary has visited a large number of homes and held family prayer. Several pastorless churches have been supplied with pastors.

This work has cost the State Board for Missionary's salary \$800.00 and his expenses from Ofolona to New Albany \$3.92, making a total of \$803.92.

We have held five county normals for the Sunday schools, two of which were held in Chickasaw county.

We feel that a great deal of permanent good has been done and the foundation laid for greater work. The larger per cent of my territory has been greatly neglected and the people are uninformed and misinformed, and unless we cultivate these fields and reach the people with the proper information the Holy Rollers and Russelites and other ites are going to endanger the field. May the Lord help us to wake up and do the work He has commanded us to do, first in Jerusalem and all Judea, and then we can move out into Samaria and to the uttermost parts of the earth.

Respectfully submitted,

J. W. Carmack, County Missionary,

J. H. Ford, J. T. Sargent.

EVENING SESSION

Meeting called to order by song and devotional services, after which the report on Ministerial Relief was read as follows:

Ministerial Relief

Your committee on Ministerial Relief, begs to submit the following:

We believe that the minister, who has come to his day of retirement, or who, for any reason, has become disabled, is in every way worthy of our sympathy, prayer and financial support. The same thing is true of their widows and orphan children. These men and women were faithful to God and his cause, in the midst of the greatest sacrifices in laying the foundation for

the work of Christ in this State, and surely they should receive our hearty support in their declining years. Other Christian organizations are far ahead of us in this department of work and in the discharge of this Christian obligation. Even railroads and some other business and worldly institutions care for their old and faithful employees. We should not only strive to emulate other Christian and worldly institutions, but we should furnish these old heroes of our faith the support they so richly deserve.

The Convention Board, located in Dallas, known as The Relief and Annuity Board, has taken over the work of the states. The aim of the Board is to give aid and comfort to the disabled ministers, as well as to those who have grown old in the service, and have come to their day of need and retirement, and to their widows and orphan children such aid as their exigencies demand, and as their financial condition will allow.

The Board has now a beneficiary list of between seven and eight hundred. Others are being added from month to month. The stipends of the beneficiaries who have been transferred to us from the states have, in the most part, been increased from 40 to 60 per cent and in some instances as much as 100 per cent. While we have made great strides since the organization of the new Convention Board in giving aid and comfort to the disabled and retired ministers, we are just beginning to do what we should do. Our aim should be to persuade our people to say to the ministers in active service today: "Give yourself whole heartedly to work, spend yourself freely, be not afraid; we do not pay you just the salaries that we should, but this we do, at least, solemnly promise, we will stand back of you; if you fall in the work, we will care for you; if you die we will not permit your family to suffer; if you grow old in it, we will comfort your declining years." Just that and nothing short of it should be the attitude of our great denomination to its ministry, and every one of our young preachers should feel that the denomination has spoken to him, and that he can accept its word at par. If we could say that so as to carry conviction to the men of the hard fields, and the small salary, we should put new life in them.

we should greatly increase their efficiency, and the denomination would be the real beneficiary.

Respectfully submitted,

J. T. Sargent, R. L. Brand, J. F. Woodruff.

Adopted after discussion by J. T. Sargent and Chas Nelson.

At 7:30 a special sermon was preached by Rev. W. A. Sullivan, after which the body adjourned.

SECOND DAY—MORNING SESSION

9:15 devotional services conducted by Rev. W. A. Sullivan, after which Dr. R. A. Kimbrough, District Missionary, and a number of brethren and sisters from the Calhoun Association were recognized.

The report on Sunday Schools was called for.

Sunday Schools

We, your committee on Sunday Schools submit the following report:

We believe that the Sunday School is a vital part of the great plan embodied in the Great Commission. Jesus said "Make disciples of all nations, teaching them to observe all things whatsoever I have commanded you, etc."

The Sunday School is not, as many seem to think a separate organization apart from the church, but it is the teaching part of the church, and we would beseech all of our churches that they rid their schools of all formality and put into its place reality. Too many of our churches "have a form of godliness but deny the power thereof." They have hewn them out broken cisterns that can hold no water. The purpose of the Sunday School work, as well as all other endeavor, should be focused upon the one thing, and that is the salvation of the lost.

We have about 12 Sunday Schools in the county when there ought to be twice the number, and we urge that every church maintain a Sunday School.

Because of the great demand for teachers and leaders in our Sunday School work, we recommend that every church in

the Association hold at least one training school during the year.

Respectfully submitted,

J. W. Carmack, E. Usher.

Discussed by the committee, and adopted.

The report on B. Y. P. U. work was read as follows:

Report on B. Y. P. U. Work

Your committee on B. Y. P. U. Work begs to report that during the past year the progress of the B. Y. P. U. has been one hundred per cent

The program of the B. Y. P. U. has been: (1) To organize as many B. Y. P. U's. as possible; (2) To develop the union to the point of efficiency, the first step being to teach the union the B. Y. P. U. Manual.

Our plan is: First, To, organize every county and have an annual county B. Y. P. U. convention; to divide the County into two or more groups of churches with a vice-president of the convention in each group whose job it shall be to organize a B. Y. P. U. in every church in his group, and to see that the Manual is taught in each union organized.

Second, To hold in each of the six missionary districts of the State an annual district B. Y. P. U. convention. In June this year these six district conventions were held for the first time, resulting in a total attendance of one thousand, half of whom had never before been in a convention. One hundred and twenty-five B. Y. P. U's. sent representatives to these conventions from fifty-six counties. Permanent organizations were formed in each district with necessary officers to promote the work. These organizations will be a great asset to the B. Y. P. U. work of the State and already the effect is being felt, more counties are being organized, and consequently more B. Y. P. U's.

Last year about 250 Unions were reported in the State. About 200 Unions have been organized during the year which gives us a total of 450 with perhaps enough unrepresented to bring the number to five hundred. We ought to have 750 to report by the closing of another year, and with the county and district organizations working it can and it will be done.

We find the B. Y. P. U's. more in earnest than ever before

and they are studying our B. Y. P. U. Study Course Books. We have in the course, for seniors, The New B.Y.P.U. Manual, Training in Church Membership, Training in the Baptist Spirit, Training in Christian Service, and Training in Stewardship. For juniors, The Junior Manual and Studying for Service. More than one thousand awards have been given this year in Mississippi for the completion of some one of these books.

Our list of A-1 unions is growing, reaching thirty-five during the year. We have half a dozen unions 100 per cent in Bible readings and more than twenty 100 per cent in giving.

We have had during the summer months two extra B. Y. P. U. workers who have been teaching the two Manuals and organizing B. Y. P. U's. These two workers have done excellent work. The plan of operation has been to hold three-day institutes in churches, teaching B. Y. P. U. methods.

We make the following recommendations:

That this county be organized for B. Y. P. U. work; that it be divided into two sections with a vice-president in each section to form B. Y. P. U's; and that a yearly convention be held.

Any B. Y. P. U. can and ought to write to our State Secretary, Mr. Auber J. Wilds, Oxford, Miss. From him they can secure any information necessary concerning B. Y. P. U. work.

Respectfully submitted,

C. A. Lyles, J. H. Ford, D. W. Hodges.

Adopted after being discussed by the committee members and others.

The report on Publications was read as follows

Report on Publications

People whose citizenship is in heaven will be loyal to the truth and work of the kingdom of heaven. To be loyal to it they must know about it. To know about it they must read of its progress from week to week in the denominational paper..

If we are to set our minds on things above we have got to know the truth of God and watch the movement of the hosts of God as they seek to make the kingdoms of this world the kingdom of our Lord and of his Christ. They must have a part in it. But no man can have a part in it who does not familiarize him-

self with the movements by reading the denominational paper every week.

If we are to comprehend with all saints the height and depth and length and breadth of God's grace and God's plan of work, we must have fellowship with these saints in a common task and a common inheritance of truth. This fellowship with the whole body of God's people is possible only through the medium of communication found in the religious paper.

If all things are ours, even all the avenues of help that come through the ministry of God's servants, the best men and women in the world, these sources of knowledge and comfort and strength and enlargement are available to us in the fullest measure only through what they write, for most of them we shall never see, or seldom see in the flesh.

If we are to think of the things that are true and honorable and just and pure and lovely and of good report, we must not be satisfied with stuffing our minds with the works of the devil as they are portrayed in the secular press; we must know what God is doing and his saints are saying and undertaking, as these are recorded in the denominational paper.

If we are to be our brother's keeper we must not only read what is good ourselves, but get him to do likewise. The responsibility of the pastor and the church for all the members will logically lead to putting the Baptist Record into every home. Our spiritual advancement and growth in ability to work, and interest in the work, will be measured by the subscription list of our Baptist Papers in the church and in the state. All A-1 standards are incomplete that do not include the reading of the Baptist Record, Home and Foreign Fields, and our Sunday School Literature.

We would recommend two definite ways for getting the Baptist papers into the homes of our people:

2. Put the cost of the Baptist Record into the local church expense budget and send the paper into every home represented in the church.

2. Appoint a committee on religious literature whose duty it shall be to make a thorough canvas of the church membership at least once each year in an effort to secure subscriptions for

the Baptist Record, Home and Foreign Fields, and Royal Service. This committee should also secure and distribute good tracts.

Respectfully submitted,

H. H. Huddleston for Committee.

Adopted after discussion by several brethren.

The report on Hospitals was read as follows.

Report on Hospitals

BAPTIST HOSPITAL, JACKSON, MISS

The past year, ending August 1, 1921, has been a very good year for the Baptist Hospital.

We treated during the year, 1,107 patients. 161 of these were charity patients. The amount of charity done from August 1, 1920 to August 1, 1921, was \$5,283.90. We have 18 girls in the nurses' training school. Four have graduated in the last year.

We would urge the W. M. U. and other church organizations to do personal service in directing the attention of worthy young women to this noble christian service. We especially suggest that young women entering the nurses' training school should at least be a high school graduate.

The hospital extends its thanks and appreciation to the different Sunday Schools and church organizations for their generosity in sending nice boxes of linen to the hospital.

The hospital opened for service in 1910 with about eight or ten beds in an old wooden building on North State St. In 1914 the demand was so great that a new brick structure was erected on the same site with 35 beds. The demand continued to increase until it became urgent that we enlarge again. We have just finished an addition of 12 rooms, which gives us a capacity now of 50 beds. We have, unfinished, the third floor, which when completed will give us 65 beds. Of course we have not the money to do this work right now, but through the 75-Million Fund we hope to be able to finish this third floor by Jan. 1922, but it will take the contributions from all those who have pledged to this 75-Million Fund.

Our hospital has never had an X ray outfit and consequently has suffered greatly. It has been embarrassing to the

management to have patients carried from our hospital to other hospitals to get X-ray service, and we are sure that we have lost patients on this account. We hope to have completed within the next 90 days the X-ray department in our hospital, and we must depend to a great extent on the generosity of our friends for the purchase of this machine.

Respectfully submitted,

D. W. Hodges, W. D. Woodruff.

BAPTIST MEMORIAL HOSPITAL, MEMPHIS, TENN.

Under the Superintendency of Dr. W. R. Bethea, since November 1, 1920, this has been a prosperous year. The new wing has been brought almost to completion, so that the new operating rooms, X-ray department and laboratories, occupying the eighth floor have been in since January; the semi-private rooms on the 4th and 7th floors are in use, giving patients who desire reduced rates, a rate of \$2.00 a day and up. The new dinning room and kitchen, on the first floor, are completed and in use, to the delight of all. The new Nurses' Home lacks some \$25,000.00 to be brought to completion. Work was stopped last fall on account of poor collections on subscriptions on the 75-Million Fund. In the meantime the nurses are comfortably housed on the 2nd and 3rd floors of the hospital building.

Since the 75-Million Fund was subscribed, or since May 1919, the Executive Board of the Tennessee Baptist Convention has paid the hospital \$125,000.00 and the Memphis subscribers have paid \$147,000.00. A considerable debt is being carried on the work done last year, when it was confidently expected that subscriptions could be collected. This will finally be wiped out when times get better and collections can be made.

The patronage of the hospital keeps up to the full. Since the opening, July, 1912, 45,100 patients have been admitted; during 1920 the number was 7619, and the in six months ending June 30th, 1921, 3836. Of these last 2604 were from Tennessee, 692 from Mississippi, 418 from Arkansas and 122 from other states. 474 were treated free in the charity wards, 288 from Tennessee, 75 from Mississippi, 77 from Arkansas and 34 from elsewhere. During 1920 over \$31,000.00 was ex-

pended in charity. The business of operating the hospital amounted to \$372,000.00. The complimentary service rendered preachers and their dependents during the last ten months has been almost \$400.00 per month.

The Training School for Nurses graduated a class of 18 this year, 8 from Mississippi, 5 from Arkansas, 4 from Tennessee and one from England. There are about 75 pupils in training, the largest number in the history of the hospital, but needs to be increased to 125 to serve the full patronage and bring into use the entire new wing. We are urging our W. M. U's, and Linen Bands to do personal service in turning the attention of worthy young women to this noble Christian service, and to continue their faithful work in furnishing the linens and other supplies for the wards.

The pastor, now well into his fourth year, finds daily opportunities for pastoral service, among the patients and their loved ones, who with anxious hearts are visitors in the hospital.

The Baptists of the three states owning and operating the hospital may well rejoice in the work they are doing for the relief and healing of the sick and the promotion of the Master's Kingdom. It should be a joy to help meet the subscriptions made to the hospital; these were Tennessee Baptists \$500,000.00, Memphis and vicinity \$712,000.00 and the Baptist State Conventions of Mississippi and Arkansas each one-third of the funds allotted to hospitals on the 75-Million Campaign. The prompt payment of subscriptions will help carry forward this noble work.

BAPTIST MEMORIAL HOSPITAL, MEMPHIS, TENN.

Under the Superintendency of Dr. W. R. Bethea, since November 1, 1920, this has been a prosperous year. The new wing has been brought almost to completion, so that the new operating rooms, X-ray department and laboratories, occupying the eighth floor have been in since January; the semi-private rooms on the 4th and 7th floors are in use, giving patients who desire reduced rates, a rate of \$2.00 a day and up. The new dinning room and kitchen, on the first floor, are completed and in use, to the delight of all. The new Nurses' Home lacks some \$25,000.00 to be brought to completion. Work was stopped last fall on account of poor collections on subscriptions on the 75-Million Fund. In the meantime the nurses are comfortably housed on the 2nd and 3rd floors of the hospital building.

Since the 75-Million Fund was subscribed, or since May 1919, the Executive Board of the Tennessee Baptist Convention has paid the hospital \$125,000.00 and the Memphis subscribers have paid \$147,000.00. A considerable debt is being carried on the work done last year, when it was confidently expected that subscriptions could be collected. This will finally be wiped out when times get better and collections can be made.

The patronage of the hospital keeps up to the full. Since the opening, July, 1912, 45,100 patients have been admitted; during 1920 the number was 7619, and the in six months ending June 30th, 1921, 3836. Of these last 2604 were from Tennessee, 692 from Mississippi, 418 from Arkansas and 122 from other states. 474 were treated free in the charity wards, 288 from Tennessee, 75 from Mississippi, 77 from Arkansas and 34 from elsewhere. Christian Education

Baptists have always been pioneers in the field of education. The first public school in America was founded in Rhode Island, in 1675, by Dr. John Clark, a Baptist preacher. This was the beginning of our splendid system of public schools in which we take so much pride. But even before this time, our Baptist forefathers had established an institution of higher learning designedly for the purpose of producing a trained leadership for the churches of their faith and also for the state.

Baptists have to educate. There is no alternative. Our doctrine, our church government, and our program make it imperative.

Mississippi Baptists have four colleges under their management and control, three senior colleges and one junior college. The three senior colleges are, Mississippi College, Clinton, for boys, only; Mississippi Woman's College, Hattiesburg, for girls, only; Blue Mountain College for girls at Blue Mountain; and our junior college, Clarke Memorial, at Newton, for boys and girls.

Education Commission

The Mississippi Baptist Education Commission was created by the State Convention at their annual meeting in Jackson, in 1914. It is destined to play a large part in the educational affairs of the denomination. The Commission has recently employed a full time secretary, and through this secretary, it hopes to render great service to the cause of Christian Education. No true Baptist should be satisfied until every school in our possession is as good as the best in the land, and every Baptist boy and girl are receiving their training in these Baptist supported and controlled institutions. To attain this worthy end will require much prayer and great sacrifice. We need buildings; we need to improve the looks of the buildings we have we need equipment; but our most crying need is endowment. Our colleges must be endowed to keep pace with the educational procession. Baptists can do all this if they will; they can do it, and they will.

The Commission has received from the 75-Million Campaign from the beginning up to July 15, 1921, \$229,024.29. The distribution made to the colleges is as follows:

Mississippi College.....	\$70,198.80
Woman's College.....	94,089.02
Blue Mountain College	34,825.39

The report on Layman's Movement was read as follows:

Layman's Work

The Layman's Missionary Movement appeals to laymen from the Layman's standpoint to give themselves faithfully and loyally to the advancement of the cause of Christ. It urges business men to pray daily, study diligently, plan wisely, serve zealously, and give generously in all the work of the kingdom. It pleads for more religion in business and more business in religion. It stresses the doctrine of Christian Stewardship, advocating that God holds a supreme claim on our time, our talent, and our substance. Its missionary ideal is expressed in these words: "It is the whole duty of the whole church to preach the whole gospel to the whole world."

Organization.—The organization for the Laymen's Work in Mississippi consists of an Executive Committee of five strong laymen with headquarters at Jackson, and a county chairman of layman's work in each county who is an ex-officio member of the State Committee. This organization seeks to find and develop dependable laymen in each church who will undertake to carry out in the church all the plans and programs designed to enlist and develop the churches and the church members.

Activities.—The interest and activity of our laymen in all the work of the kingdom have been greatly stimulated as a result of the 75-Million Campaign. Men are attending church services in larger numbers than ever before; large classes of men are found in nearly all of our Sunday Schools; capable laymen are taking a leading part in all our denominational programs.

Tithing Campaign.—The biggest thing before our laymen at this time is the campaign now on throughout the South for one-half million tithers. The plan provides for a State Steering Committee of seven members, composed of the Chairman of the Layman's Committee of the state, Corresponding Secretary of the State Convention Board, Corresponding Secretary of the W. M. U., State Secretary of the B. Y. P. U., State Secretary of the S. S. Work, a representative pastor, and an enlistment missionary.

Each county will be organized along the same lines and the county organizations will undertake to organize every church for securing a definite number of tithers. The plan provides for a round-up week including two Sundays from November 27 to December 4. Every church will be expected to secure a number of tithers equal to one-sixth of its membership or 16 $\frac{2}{3}$ per cent of the church enrollment. Better developed churches will be expected to secure a considerably larger number. The quota for Mississippi is 30,000.

Literature and other information in reference to the tithing campaign will be thoroughly distributed from the headquarters in Jackson.

Recommendations.—Your committee recommends that this Association endorse the tithing campaign and undertake within the bounds of the association to secure a number of tithers equal to at least one-sixth of the total membership of the Association.

The report on Orphanage was read as follows:

Report on Orphanage

We rejoice in the good report from our orphanage at Jackson, Miss. It is now in its 25th year and has cared for during this time, about one thousand children, many of whom have grown into manhood and womanhood and are now filling places of usefulness in homes of their own, many of them in offices, hospitals, machine shops, on the farm, and in almost all the vocations of life.

We learn from our Superintendent that the health of the children is fine. They have not had a death from sickness in four years and are caring for an average of 150 children all the while. These children are gathered up here and there from the most hopeless and unpromising surroundings and doctored up and fed up and trained up into useful men and women.

The boys are trained in agriculture, stock raising, dairying, truck growing, carpentry, and machinery. The girls are trained in the art of cooking, sewing, washing, ironing, fancy work and

general house keeping.

All the children of the orphanage have the advantage of a good school for eight months in the year under efficient teachers and attend Sunday School and preaching every Sunday, and those who are christians are trained in christian work in their own senior and junior B. Y. P. U's. and altogether our children at the orphanage are being splendidly fitted for useful christian citizenship.

We commend the orphanage and its splendid work to the hearts and benevolence of all our people and urge that during the month of November our people send to the orphanage from our farm and stores: corn, peas, molasses, canned goods of all kinds, clothing, stationery, pencils, tablets, pins, needles, combs, soap, towels, sheets, pillow cases, and anything that is needed in the ordinary home.

We learn also from our Superintendent that our orphanage is in good financial condition and the children will continue to be amply provided for if our people will pay up their pledges to the 75-Million Campaign, but will suffer in proportion as we fail.

We urge most strongly that our people make it a point to pay their pledges to the campaign and let the orphanage and all the work of the kingdom go forward to the good of humanity and the glory of the master.

The report on Prohibition was read.

Report on Prohibition

The whole prohibition proposition resolves itself into two chapters. The first pertains to legislation, and has been very satisfactorily written, and will be revised from time to time as new situations arise. The second chapter pertains to the more difficult and equally important work of law enforcement.

It would require too much time and space to follow prohibition legislation in all its details and development in our state and nation. Such a course would, no doubt, be interesting, instruct-

ive and even inspiring, and the data are easily available; but we must content ourselves for the present with just a cursory glance.

We have the amendment to the Federal Constitution, known as the Eighteenth Amendment, prohibiting the manufacture, sale, importation and exportation of all intoxicants as beverages. Section 2 of this amendment provides that "The Congress and the several states shall have concurrent power to enforce this Article by appropriate legislation." That is, violators may be prosecuted in the Federal court under Federal laws enacted for the enforcement of this amendment, and they may be prosecuted in the state court under state laws for its enforcement. Or the violator may probably be prosecuted in both Federal and state courts for the same offense, as is some times done.

While the approval of only thirty-six of the forty-eight states in the Union was required; forty-five ratified the amendment, Mississippi being the first. Thirty-nine of the states have prohibition laws, showing from whatever standpoint viewed, there is an overwhelming majority for prohibition.

We also have the Volstead law, which contains the machinery for operating the Eighteenth Amendment. These two advanced step have provoked the liquor forces to continue their fight against prohibition, engaging all their resources. The liquor forces were never better organized, never had more available money, and were never more desperate and determined. They are adding recruits and otherwise strengthening their organizations daily. They are at present making a frantic effort through cheap doctors, whiskey lawyers and lovers of liquor to have beer legalized as a medicine, though science has pronounced and repeatedly emphasized the fact that it possesses no therapeutic value whatever.

The things which immediately concern Mississippians are the large number of illicit stills which dot our fair land and the bootlegging and debauchery that follow. The large amount of lawlessness found in every portion of our state is a standing challenge to Christian manhood. If conditions get to be about five times as bad as they are, the good men and women will become alarmed, shake off their lethargy and plunge into the fray as they did forty years ago.

When the Federal Government extends its strong arm in co-operation with the states, it seems that everybody about laid aside the state laws and is depending entirely upon the Federal activities. It was never contemplated, however, that the states would relax their efforts in law enforcement, and depend wholly or largely upon the Federal authorities. We are allies against a common foe, and therefore the fullest co-operation should be maintained. Nothing like satisfactory results can ever be reached except by all doing their duty. Our state has strong prohibition laws; and, if all the state, county and municipal officers would do their duty and all the good citizens do theirs, illicit stills and bootlegging would soon rapidly decrease. All of us need to understand that no law, however good, is self-enforcing.

There is no time for lovers of church, Sunday School, home, happiness and prosperity to sleep. The slogan should be, "Up, and doing." For the prohibition forces to disband or even relax their activities would be a suicidal policy, and prove prohibitionists unworthy of their profession and the great work entrusted to their leadership. No army can afford to disband or decrease even when the enemy is strengthening its lines. The voice of the ministers in the land should ring out in clarion tones, calling our people to the colors. A great revival of prohibition sentiment is much needed at this moment, and the preachers must lead. Much more labor and money will be needed, and Christian people must spur up, or all we have achieved will be in peril. There is real danger of losing the fruits of a hard earned victory. Up to this date, the Anti-Saloon League has proven itself the most effective agency in handling prohibition funds. Therefore it is suggested that money given for state, national or world-wide prohibition be entrusted to this agency.

In view of the seriousness of the situation, we would recommend that a vigilant committee consisting of three men and two women be appointed to keep posted with reference to conditions within our territory and report them to the Anti-Saloon League, Jackson. Also that all Christians be urged to co-operate as fully as they can with this committee.

Respectfully submitted,

W. T. Quinn, T. A. House.

RESOLUTIONS COMMENDING OFFICERS

Be it resolved: That we, the Chickasaw County Baptist Association in convention assembled, most heartily approve of and commend the work of our Circuit Judge, W. A. Roane, District Attorney Rush H. Knox and the Juries of our recent terms of Court for their very efficient work in meting out justice to persons violating our prohibition laws.

Be it further resolved, That we commend and endorse the steps taken by our Sheriff J. C. Beasley and his efficient corps of deputies for their fearless execution of the law relating to the manufacture and sale of liquors.

RESOLUTION OF THANKS

Be it resolved that the Chickasaw County Baptist Association take this method and opportunity to express to Friendship church and the people of the community its hearty appreciation for the royal manner in which the messengers and visitors have been entertained and cared for, and that we pray the visitation of God's richest blessings upon them in their homes and community and church life.

Executive Committee Report, Relating to Missionary To the Chickasaw County Association:

After due consideration, we, your Executive Committee, do hereby recommend to the State Board, if possible, to retain our present County Missionary. We have made diligent enquiry about his work and find that he is doing great good.

Submitted,

J. S. Price, J. H. Ford, D. E. Davis,
